Conferences:

Wisconsin Fall Leadership Conference (WFLC)

November 2 & 3

This conference will focus on the Business Achievement Award. Members will go through different workshops to get a good start on completing their Business Achievement Award.

Business Achievement Awards

What are they?

The business achievement awards (BAAs) are results-based business and leadership programs designed to cultivate a student's leadership skills. The awards focus on service, education, and progress. The BAAs are a four-tier program for individuals. The tiers are 1. Future, 2. Business, 3. Leaders, and 4. America.

Future Award

This award focuses on basic business skills such as community service and FBLA involvement at the local level. Pins will be sent to the local chapter adviser for presentation at a local awards ceremony or local FBLA event.

Business Award

Prerequisite: Future Award. This award focuses on local, district/regional and state involvement and leadership in the community. Pins will be sent to the local chapter adviser for presentation at a local awards ceremony or local FBLA event.

Leader Award

Prerequisite: Future and Business Awards. This award focuses on local, district/regional, state, and national involvement and community leadership. Names of qualifying students and pins will be sent to the state chair/adviser to be presented at the state leadership conference, if desired.

America Award

Prerequisite: Future, Business, and Leader Awards. This award focuses on total association leadership, business skills, and involvement in community. Students qualifying for this award will receive pins at the National Leadership Conference.

How do the members benefit?

All recipients will receive their America level pin at the National Leadership Conference, and will receive America ribbons and certificates of recognition if they attend the NLC.

How Can a member complete the BAAs?

The local adviser determines a member's ability to advance in award levels. Advisers should allow students to advance to higher levels when tasks at the lower levels have been completed and/or if timing is appropriate. Students may complete as many levels as they wish, upon adviser approval, in a one-year time period. Work and documentation will be completed online through interactive forms. Activities not completed in one year may be carried over into the next year. Projects completed for each level must be different.

What projects can be done?

More information on project ideas and the BAAs can be found at: <http://www.fbla-pbl.org/web/page/662/sectionid/587/fbla.asp>
